**Deutschman and Bents to Present at  
MN State Bar Assoc. Continuing Legal Education Seminar:  
“Water Project and Drainage Law in Minnesota”**

**Stormwater Seminar**

**Minnesota CLE Conference Center, Minneapolis, MN**

**April 1, 2010**

**10:15 a.m. – 12:15 p.m., “Advanced Updates”**

Mark Deutschman,  
Ph.D., PE

**Mark Deutschman** will serve on the “Advanced Updates” panel discussion. The first portion will be on using Chapt. 103B and 103D to confront legacy agricultural drainage systems in an urban environment. The second portion will be on funding projects with stormwater systems using water management districts and other tools available under Chapt. 103B and 103D.

Mark holds a Ph.D. in Civil Engineering from the University of Minnesota, a M.S. in Zoology from North Dakota State University, and a B.S. in Zoology from the University of Montana. He is a principal of Houston Engineering and has served out of the Maple Grove, MN office since 1997.

Jerry Bents, PE

**Drainage Seminar**

**Verizon Wireless Center, Mankato, MN**

**April 28, 2010, 10:15 a.m. – 11:15 a.m.**

**Jerry Bents** is on the agenda for the session “Stormwater and Management Powers Under Chapter 103D.”

Jerry is a principal of the firm. He joined Houston Engineering’s Fargo, ND office in 1995, and is a graduate of North Dakota State University with a B.S. in Civil Engineering.
